

Sacred Heart Primary School
– St Albans, Victoria.

SmartGrass™ Schools Program

SmartGrass™ - *Creating better school environments*

With over 250 schools completed SmartGrass™ has the expertise to manage & deliver your next project.

Montpellier Primary School - Geelong, Victoria

A multi function surface for your students to enjoy year round, which not only looks great, but also harvests water, provides a cleaner, safer surface and will enhance your school in the eyes of prospective students and their parents.

Before

SmartGrass™ is a wholly Australian owned company utilising Australian made products to turn unattractive dirt and mud fields and dangerous knee scraping asphalt surfaces into usable recreational facilities which any school can be proud of.

As a drought proof alternative to the costly maintenance of grass surfaces a SmartGrass™ installation will save you time and money.

SmartGrass™ - Looks so real - it's unreal!!

SmartGrass™ has been operating now for over 15 years and with teams of dedicated experienced installers who have the knowledge to ensure your synthetic grass project will be completed to the highest standard ensuring your school has years of trouble free low maintenance which students can enjoy year round.

Geelong Lutheran College

With a full time staff of over 20 and teams of subcontractors who work under direct supervision and adhering to strict quality control standards we are proud to claim that we provide the Total Solution to your Synthetic Grass Landscaping requirements.

SmartGrass™ - AUSSIE MADE - KEEPING JOBS IN AUSTRALIA

But our service does not stop there, our dedicated team can also provide after care servicing of your installation to ensure it looks and performs to its maximum.

Catholic Regional College – St Albans, Victoria.

In today's competitive world the pressure to attract more students can be eased by presenting your school with fantastic sport, multisport and general recreational areas.

Call **1800 SMART G** to make an appointment for a presentation to your school council and answer any questions you may have.

smartcare™

Care for your **SmartGrass™** and you can extend its life expectancy. Service from your contractor is optional, but highly recommended, as outlined in our Service Contract. However, alternatively or in addition you can perform easy, regular, general grooming maintenance to improve the aesthetic appeal and functionality of your grass for the length of its life.

**Darley Primary School,
Bacchus Marsh, Victoria**

SmartGrass™ also supply and Install **Acrylic Surfaces** – Tennis, Netball and Basketball courts – refer to our Acrylic Surfaces Brochure

As a major supplier of synthetic surfaces in Australia we also investigate new products coming onto the market place.

A new innovation is CoolGrass, a product which is manufactured in Australia and has a component added to the grass formula which reflects UV radiation thus providing a cooler surface.

COOLGRASS™

SmartGrass™ - LOOKS SO REAL- IT'S UNREAL

SmartGrass™ - Testimonials

Avondale College

"From start to finish SmartGrass™ delivered in every area providing us with a fantastic facility..."

Heatherton College

"SmartGrass™ helped solve several unforeseen issues with our installation with expedience and flair. We are so pleased to have chosed SmartGrass™ both for their great product and excellent service..."

Xavier College

"SmartGrass™ have transformed our old dirt grounds into a Multi Use Basketball/Netball Court and the Cricket nets with grass inlays have increased our sports participation 100%. The students are really excited to use these great facilities..."

Surrey Hills Primary School

"Surrey Hills Primary School has transformed its Junior and Senior playgrounds by using SmartGrass™ as the playground foundation for new play equipment and are delighted with our unique SmartGrass™ edged sandpit in the junior playground. SmartGrass™ has provided us with a cost effective and aesthetically pleasing surface that has covered our school grounds which has been extensively damaged during major building works. The playground preparation and installation of the SmartGrass™ product was completed professionally and on schedule.

The team worked tirelessly throughout the school holidays to ensure minimal disruption for the school. The students and parents have been delighted with the finished product and are enjoying the synthetic grass in our playground."

SmartGrass™ - Myth Buster

Providing a range of Synthetic Turf Products which are suitable for most applications. SmartGrass™ is an Australian made product which means we have total control over the yarn and stitch rate ensuring the highest quality product, unlike cheaper imported brands.

SmartGrass™ is a modern synthetic turf and with the use of the correct product for specific applications combined with the method of construction and aftercare infill, reduces the risk of friction injuries when compared to other surfaces such as asphalt and bare packed dirt recreational surfaces.

St Francis of Assisi – Mill Park, Victoria.
