

## **SCHOOL MULTI-SPORT** **TURNING SCHOOL GROUNDS INTO EXCITING MULTI-PURPOSE AREAS**

With the ever increasing demand on playing surfaces in the community; particular ones that are safe and 'playable' *SmartGrass*® has invested energies into designing a system that can 'tick as many boxes as possible' in limited space.

*SmartGrass* can now combine a multitude of sports all upon the same surface area. These include but are not limited to tennis, basketball, netball, hockey, futsal, rounders, four-square, bocce, mini-golf, and athletics. The options are endless.

### **SMARTGRASS MULTI-SPORT PRODUCTS**

#### **SMARTGRASS® TIEBREAK**

19mm multi use surface designed for medium intensity use in a primary, intermediate or small secondary school.

#### **SMARTGRASS® PROFALL**

*SmartGrass* has a range of surfaces to meet the latest Australian and New Zealand safety fall height standards for playgrounds. With many different product and colour options available, we can custom design your new soft fall matting surface.

#### **SMARTGRASS® PROTOUR**

15mm multi-use surface designed for high intensity use in a secondary school. Additional yarn content and lower sand volume provide a faster playing surface and professional appearance. Ideal for high performance tennis, netball and basketball.

#### **SMARTGRASS® SATELLITE PLUS**

19mm multi-use surface designed for high intensity use, ideal for installation in a large secondary school

## SCHOOL MULTI-SPORT TURNING SCHOOL GROUNDS INTO EXCITING MULTI-PURPOSE AREAS

- One of the many advantages available is that the staff at SmartGrass® are sports enthusiasts who have a wealth of industry knowledge.
- Established in 2004 SmartGrass® is a leading Market Distributor of synthetic grass with a specialised range of surfaces that cater for the unique needs of a range of sports: tennis, football/soccer, school multi-use, hockey, cricket, rugby and lawn bowls.

SmartGrass® is the synthetic surfaces company that is passionate about giving students a good foundation – literally. Our multi-use school surfaces provide the foundation for children to play a range of sports and develop a lifelong love of staying fit and active. Sports provide tremendous learning opportunities for children. SmartGrass® delivers new generation playing surfaces that support skill development and enjoyment of sports in primary, intermediate and secondary schools.
